

« ON THE RAMP... »

(2011 Version)

On the ramp, where we all work
Live our customers, who we support,
And our friends, in all airports,
Use our machines, when they work,

And when they don't, once in a while,
It hits us so right, between the eyes,
But when we call, the service guys
If we can find any, what a surprise!

We all work for TLD GSE, TLD GSE, TLD GSE !
We all work for TLD GSE, TLD GSE, TLD GSE !

GPUs and 802s,
Our famous NBLs and ABS,
929 and the Air starts,
and our Towbarless, when they start !

We've flown the world, to each airport,
We've sold our equipment, of many sorts,
But on the ramp, where we belong,
We never miss a chance, to sing our song!

We all work for TLD GSE, TLD GSE, TLD GSE !
We all work for TLD GSE, TLD GSE, TLD GSE !
We all work for TLD GSE, TLD GSE, TLD GSE !
