

Engineering Timekeeping

TLD

Local Support, Total Commitment

- **The TLD Engineering Timekeeping system is intended to:**
 - Make Timekeeping easier on the employee
 - Make reporting, collection and analysis easier on accounting
 - Provide a central, common location for engineering time keeping.

Purpose

- **Each engineer creates a Timesheet daily**
 - One timesheet per task
 - Time allocated in “% of Day”
 - All time allocated
 - Vacation
 - Sick Time
 - Meetings, etc.
