TLD Strategic Goals

TLD Quality Total Commitment

TLD pride is based on our Quality and Customer Satisfaction

Quality shall remain permanently first
in the mind of all TLD employees,
no compromise shall be made with what may affect Quality.

Quality means that rigor and attention to details
is the responsibility of each TLD employee.

Quality means that TLD shall provide its employees the proper
conditions, a teamwork environment and the right organization
to execute Quality engineering, products and service.

Quality means that TLD fosters an open eye and mouth policy
with all its employees in order to make sure that
any deviation is detected, raised, recorded and fixed.

Quality of a TLD product shall be a synonym of
Simplicity, Reliability and Ease of Maintenance.

Quality of TLD service shall be a synonym of diligence,
responsiveness, transparent communication, expertise
and convenience for the customer.

Quality means that TLD shall systematically learn
from customer and field experience.

Quality means that any TLD customer or product issue
shall be rigorously recorded, diligently treated and actions
tracked until a solution is agreed upon and implemented.

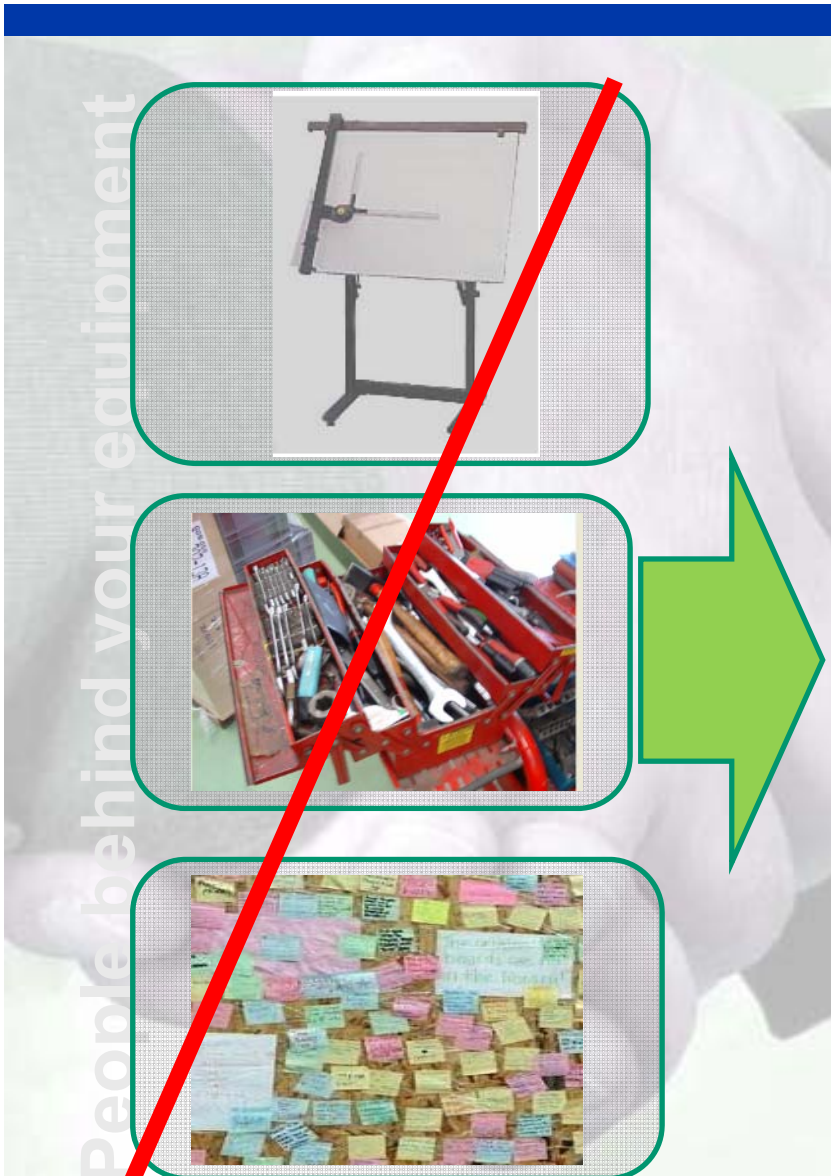

Quality means that TLD spirit, goals and processes
shall be continuously conveyed and enforced
with TLD suppliers and business partners.

Quality means that, to support continuous improvement
and control group wide consistency, TLD shall measure
and monitor its performance
