Key Metrics

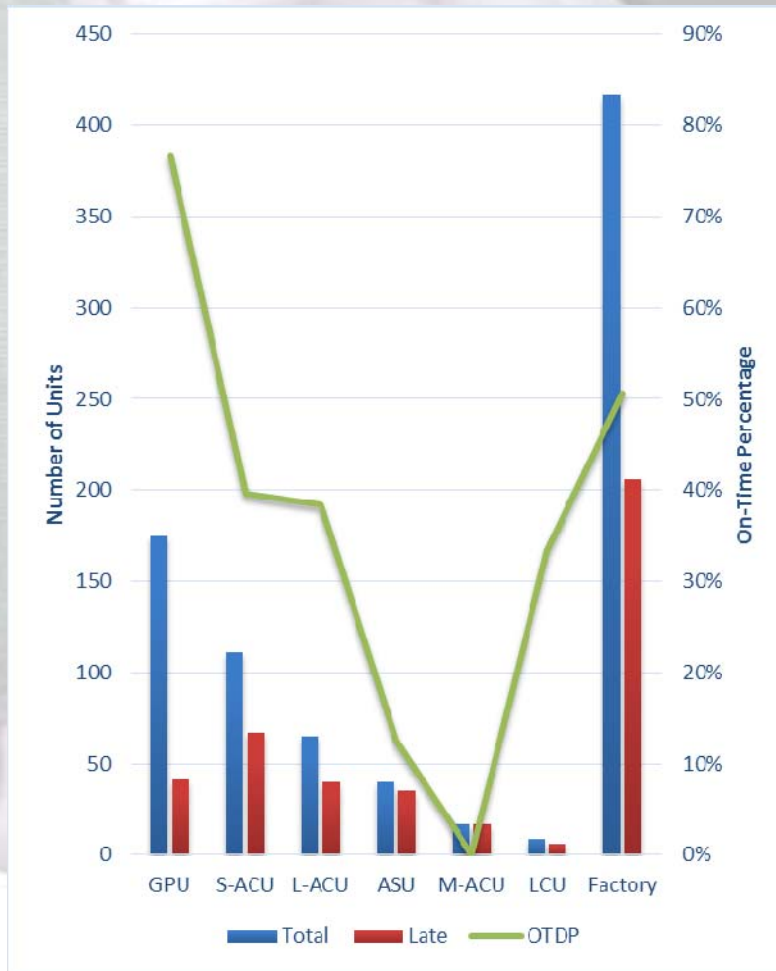

- Your hard work is creating real Value for the shareholders
- Our increased production rate is getting units to our customers
- We are on a very positive trend!

Performance Metrics

People behind your equipment

On-Time Delivery

- All ACU are behind plan and delivering very late, impacted by ACU-401
- ASU behind plan due to T4F issues and catching up
- MIL is clearing out old, late orders, and should improve quickly

Quality Summary

TLD STRATEGIC GOALS 2014-2016

- 1. Quality and reliability must come first to the mind of TLD employees and organisations.**
- 2. To install durably TLD as a synonym of superior and consistent customer support, while continuing to raise our level of expectations.**
- 3. To achieve our quality and support goals while delivering an excellent financial performance in term of profitability and cash flow.**

TLD Strategic Goals

TLD Quality Total Commitment

TLD pride is based on our Quality and Customer Satisfaction

Quality shall remain permanently first
in the mind of all TLD employees,
no compromise shall be made with what may affect Quality.

Quality means that rigor and attention to details
is the responsibility of each TLD employee.

Quality means that TLD shall provide its employees the proper
conditions, a teamwork environment and the right organization
to execute Quality engineering, products and service.

Quality means that TLD fosters an open eye and mouth policy
with all its employees in order to make sure that
any deviation is detected, raised, recorded and fixed.

Quality of a TLD product shall be a synonym of
Simplicity, Reliability and Ease of Maintenance.

Quality of TLD service shall be a synonym of diligence,
responsiveness, transparent communication, expertise
and convenience for the customer.

Quality means that TLD shall systematically learn
from customer and field experience.

Quality means that any TLD customer or product issue
shall be rigorously recorded, diligently treated and actions
tracked until a solution is agreed upon and implemented.

Quality means that TLD spirit, goals and processes
shall be continuously conveyed and enforced
with TLD suppliers and business partners.

Quality means that, to support continuous improvement
and control group wide consistency, TLD shall measure
and monitor its performance

LOCAL SUPPORT, TOTAL COMMITMENT

This panel was modified to accommodate the customer's keypad option.

Assembly, Test and Quality failed to notice the raw, unpainted edge and the poor quality grinding.

This was immediately rejected at the customer's location.

Rigor And Attention to Detail

People behind your equipment

Rigor And Attention to Detail

People behind your equipment

Missing Bolts

Rigor And Attention to Detail

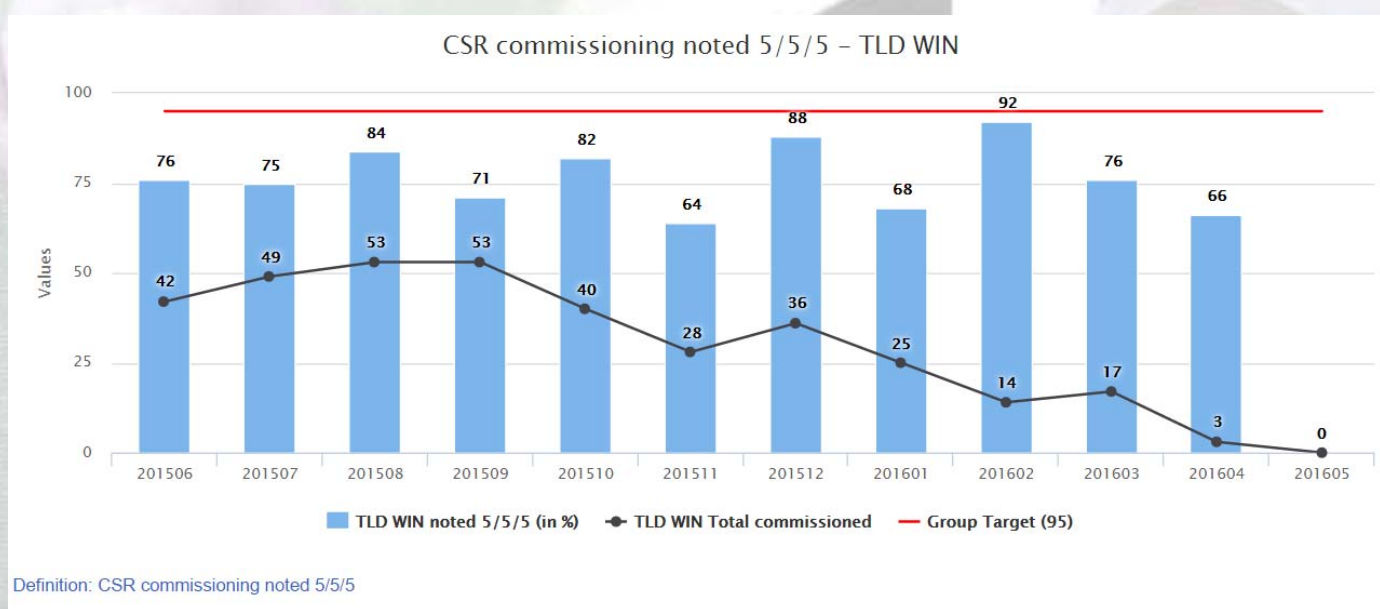

People behind your equipment

Wires &
ZIP Ties
connected
to hot
pipes

Rigor And Attention to Detail

- ~ 1 out of 4 units arrives in the field with a defect
- These are nearly all Attention to Detail defects – loose hardware, missing options, FOD.
- We must all improve our Attention to Detail to deliver perfect units to the our customers

Commissioning Reports

- **We have too many accidents – our incident rate is very high**
- **Our accidents are directly attributable to Attention to Detail**
 - Stepping out of a unit and missing a ladder
 - Twisting while lifting
 - Banging head While Getting into unit
 - Cutting Finger with knife

Safety

- You must take personal responsibility for doing your job safely
- You must report unsafe conditions to management
- You must follow the established safety procedures
- You must be safe to work here

Safety

- **TLD Power Expo**
 - GSE Show at the WIN Factory showing TLD alternative fuel products
 - June 14th
 - We'll use off-site parking for the day
- **Many Customer Visits/Training**
- **Family Day**
 - September 16, 2016
- **Volley Ball Tournament is Back!**
 - Get a team together

Upcoming Events

- **We must Produce!**
 - We have a tough summer ACU schedule ahead of us
 - We must deliver on-time to keep the customer's trust
 - Every hour at work must be used effectively

2016 Budget
